Kidspace Children's Museum Tour (Thursday, February 23, 2012): Kidspace is a participatory children's museum that features 3.2 acres of outdoor and indoor learning environments that encourages visitors to explore the arts, sciences, and humanities through imagination, exploration and play.

Kidspace Children's Museum Evening Special Event (Thursday, February 23, 2012): The Early Science and Math Institute will host a 2 hour special evening event that will include hors d'oeuvres catered by The Spot, wine and beer, a guest speaker, and tour of the museum.

Huntington Tour (Friday, February 24, 2012): The Huntington Library, Art Collections, and Botanical Gardens is a private, nonprofit institution founded in 1919 by Henry E. Huntington. The institution also offers education programs serving a variety of audiences from casual visitors and school teachers to children and adults. During the tour, EMSI participants will visit the Helen and Peter Bing Children's Garden as well as the Rose Hills Foundation Conservatory for Botanical Science.

KEY NOTE SPEAKERS:

Greg Duncan "The Predictive Power of Early Math"
Kenneth Wesson "Learning Science Just Got Easier"
